JCPAers: It's that time again. We've scheduled the next meeting of the JCPA for Friday, June 30th at 5:30 PM. The plan is to start with socializing over Bar-B-Q and side dishes (please bring one), then have a short meeting starting at 6:30.

In hopes of making this a desirable group to support and participate in, this meeting will focus more on the pleasant side of flying and basing planes here. There won't be any slide presentation, but the officers will cover the following in a short meeting:

- Proposals for fly-outs with JCPA members (details will be shared prior to the meeting)
- Some updates on Fly-ins scheduled in the area this summer
- Update on the Runway Rehabilitation Project & lunch your officers had with the Port
- Update on other interactions with the Port of Port Townsend
- Information on when and where use of ICAO Flight plan forms is required

The flying season is definitely underway even if summer weather hasn't completely settled in. Here is a partial list of Fly-ins I think the JCPA membership could be interested in. Some are happening before our meeting, but I'm hoping you'll get this guide in time to participate if you are interested. I'll try and keep this updated from month to month.
